### **2. Effective communication**

2.1 This Policy is in addition to, and is designed to enhance, the Company's continuous disclosure policy.

2.3 The Company will keep investors and the market fully informed of information that may have a material effect on the price or value of the Company's securities by timely disclosure of information through the US Securities and Exchange Commission ("SEC").

2.4 The Company, where appropriate, will also provide relevant information to media organizations to ensure the broadest possible communication with investors and the general market.

2.5 The Company will encourage the development of effective communication tools to implement this Policy. In particular, the Company will enhance electronic communications and general meeting participation in accordance with this Policy.

### **3. Electronic communication**

3.1 The Company embraces, wherever practicable, new technologies that provide:

3.2 The Company's website will be used to complement the official release of material information to the market.

3.3 To use electronic communications effectively and enable broader access to Company information by investors and stakeholders, the Company may:
